Assembly Instructions

Step 1

Assemble Middle Panel:

Push in 2*(e) Wooden dowel in the side panels.

Screw 2*(f) Metal dowel in the side panels, make sure all the dowels are in the holes of the side panels.

Assemble Bottom Panel: push in 4*(e) Wooden dowel in the bottom panel, then screw the 4*(a) from the bottom to connect the bottom panel and the two sides panels.

Step 2

Insert the back panel into the slots of the side panels and the bottom panel,

Step 3

Assemble Top Panel: Screw 4*(f) Metal dowel in the top panel, and push in 4*(e) Wooden dowel, lay the top panel onto the 2 sides panes and back panel, make sure all the dowels are in the holes of the side panels. Then put the cams 4*(b) in the 4 holes and turn the cams clockwise to lock.

Assembly Instructions

Step 4

Screw the foot cover from the foot (d) and fix it on the bottom panel with 4*(g) screws, turn the screws until tight to lock the place.

Then screw the foots into the covers.

Repeat the step to assemble the other three foot.

Step 5

Assemble the drawer: insert the drawer bottom panel into the slots of the side panels and the back panel.

screw the 4*(a) to connect the back panel and the two drawer sides panels.

Push in 2*(e) Wooden dowel in the drawer front panel ⑧.

Screw 4*(f) Metal dowel in the drawer front panel, then put the cams 4*(b) in the 4 holes of the side panels and turn the cams clockwise to lock.

Assemble the handles: Using 2*(h) screws attach drawer handle (i) to outside drawer front panel.

Repeat the step to assemble the other drawer.

Step 6

Install the two drawers assembly to the two sides panel mounts.

Step 7

Enhance the cabinet by adding four clips in the back panel.

Fix the clips 4*(k1) in the conners by 4*(k2), turn the screws until tight to lock the place.
